

We mainly discussed 3 things:

Team charter:

- Determine group meeting time: Mon 11-12 [checked]
- The commitments

Commitments:

- We, the people...
- check email everyday. Answer within 12 hrs(before go to sleep)
- text/phone in emergency
- fb group: general info.

Technology:

- offline webpage
- mysql(database),ETL
- java(back end), spring mvc, javascript(node.js)
- html (front end)

To do list:

- 1.Github pages (-> Liam) – by Monday
- 2.license - Done
- 3.Complete user story – by Wednesday
- 4.Story writing workshop with Jim, preparation for interview questions - Monday
- 5.Start building something(database, start from user story.) – By Wednesday
- 6.Project charter (-> Francesco) – By Wednesday

TA's advice:

- 1.make sure go through everything before committing
- 2.want a small thing to work at first
